Catalogue 2024/2025

Brand history

1924 – A company named "Ideal" was first founded in Berlin when radio was still in its infancy. Every unit was carefully tested by technicians and labeled with a seal for quality — the blue dot. It did not take long before customers simply asked for the "bluepoint" products. The blue dot quickly became known as a symbol of outstanding quality.

1932 – The first car radio in the world was launched by Blaupunkt.

1938 – The dot became a trademark as well as the new company name: Blaupunkt.

1959 – The year 1959 saw the delivery of the one millionth car radio.

1971 – Ten million Blaupunkt car radios.

1974 – First car radio with traffic information receiver.

1979 – 25 million Blaupunkt car radios.

1982 – Prototype of first route guidance system.

1989 – World´s first mass production ready traffic navigation system.

1999 – Production of 100 milion Blaupunkt car radios.

2002 – First web-linked navigation system.

2007 – 75 years car radio.

2010 – Blaupunkt TV and Multiband Receivers became the first licensed product categories of the Blaupunkt Global Brand Community.

2012 – The product range of Blaupunkt was expanded to include additional product categories such as tablet computers, mobile navigation, audio and video and air conditioning.

2015 – Blaupunkt have been awarded as the "Brand of the century – German brand standards".

2016 – The product range of Blaupunkt was expanded to include additional product categories such as small household appliance.

Today – The Blaupunkt Global Brand Community is a growing community of independent brand partners covering almost every category of the consumer lifestyle all over the world.

PB12DB/PB10DB

An awesome party for friends, a karaoke contest, or perhaps a sound system for a fitness class? Thanks to the new Blaupunkt power audio systems, which afford uncompromising quality of workmanship, and the best musical experience in any conditions, the event you arrange will remain in the memories of its participants for a long, long time. We guarantee good fun until dawn. Great total power makes these units the perfect source of clear sound. They are equipped with a Bluetooth module, which makes it possible to listen with no wires to music from all kinds of portable devices, such as smartphones and tablets, so at any time you can play music fro your own library or take advantage of the available music-streaming services. In addition, the AUX, USB ports, and the slot for SD cards up to 32 GB, will let you connect any memory device with audio files in the MP3 and WMA formats. The built-in FM radio ensures that you can enjoy music even when there is no other source available.

PB12DB

Technical data (PB12DB):
- Audiostreaming via Bluetooth (A2DP profile)
- True Wireless Stereo
- USB/microSD player (up to 32 GB)
- MP3 playback
- FM Radio with 40 station memory preset
- Bass/Treble adjustment
- Karaoke function with two wireless microphone included
- Remote control
- 2 wired microphone + 1 guitar input
- LED dipslay
- Disco LED lights
- AUX IN
- Total music power: 1600 Watt
- Battery power: rechargeable battery 12 V 14 Ah
- Power supply: AC 100-240 V ~50/60Hz
- Battery operation: about 8 hours (70% volume level)
- Charging time: about 7 hours
- Dimensions: 425 (w.) x 1040 (h.) x 400 (d.)mm
- Weight: 26 kg
- EAN code: 5901750505058

Technical data (PB10DB):
- Audiostreaming via Bluetooth (A2DP profile)
- True Wireless Stereo
- USB/SD player (up to 32 GB)
- MP3 playback

- Battery operation: 4~5 h
- Charging time: 6~8 h
- Dimensions: 308 (w) x 605 (h) x 290 (d) mm
- Weight: 12 kg
- EAN code: 5901750503375

PA25

Technical data:

- Audio streaming via Bluetooth (A2DP profile)
- USB/SD player (up to 32 GB)
- MP3/WMA playback
- FM tuner with 99 station memory preset
- Equalizer: Normal, Rock, Pop, Classic, Jazz, News
- Karaoke function with microphone included
- Remote control
- AUX-IN
- Total music power: 1900 W
- Power supply: AC 100- 240 V ~ 60/50 Hz
- Dimensions: 459 (w) x 1110 (h) x 380 (d) mm
- Weight: 30 kg
- EAN code: 5901750501890

PA15

Technical data:

- Audio streaming via Bluetooth (A2DP profile)
- USB/SD player (up to 32 GB)
- MP3/WMA playback
- FM tuner with 99 station memory preset
- Equalizer: Normal, Rock, Pop, Classic, Jazz, News
- Karaoke function with microphone included
- Remote control
- AUX-IN
- Total music power: 700 W
- Battery power: rechargeable battery
- Power supply: AC 100-240 V ~ 50/60 Hz
- Battery operation: ~3.5 h
- Charging time: ~9 h
- Dimensions: 443 (w) x 695 (h) x 363 (d) mm
- Weight: 18 kg
- EAN code: 5907150501883

MS70BT

Micro systems are devices which are enjoying unflagging popularity. Their small size and good-quality sound make them valued equipment for all kinds of office and residential interiors. They are ideally suitable for your bedroom as well as for your kids' room. Equipped with a CD drive, they will play both traditional audio CD's and MP3 files recorded on a recordable or a rewritable disc (CR-R/CD-RW). Thanks to the Bluetooth module, our equipment can play audio files stored in the memory of any mobile devices, such as smartphones, tablets and laptops. The built-in USB port allows you to connect all types of flash memories and play the saved files. The radio tuner with the Digital PLL Synthesis makes it possible to save in the memory your favourite FM radio stations, and the quick-search function allows you to directly choose the desired frequency, using the numeric keypad on the remote control. It helps to save time which would otherwise be wasted manually searching for the station you want.

Technical data:
- CD player with MP3 playback
- CD/-R/-RW/MP3/USB support
- Bluetooth for wireless audio streaming from smartphone or PC
- FM PLL tuner with 40 preset memory
- Max. output power: 420 W (2 x 210 W)
- Power output: 140 W RMS (2 x 70 W)
- Bass/Treble control
- Loudness

TV AUDIO CONNECT - it's nothing more than connecting the TV to the micro system via the HDMI ARC connector. This connection allows you to take the sound of your TV to a completely different level. Whether you're watching a series, a news show, playing games on a connected console, or watching your favorite action movie, now you'll enjoy it even more. What's more, you have an optical input and you can connect another digital audio source. Furthermore, you can enjoy the other functionalities of the micro system - the Bluetooth module to transfer music from your smartphone, FM radio to listen to your favorite stations, or plug in a USB stick and enjoy your music too. Boost the sound of your TV and enjoy a much better listening experience!

Technical data:

- CD player with MP3 playback
- CD/-R/-RW/MP3 support
- Bluetooth for wireless audio streaming
- FM PLL radio with 40 preset memory
- USB Port for music playback
- Parametric EQ modes: MUSIC, GAME, NEWS, MOVIE
- Max. music power: 300 W (2 x 75 W + 1 x 150 W)

● BLAUPUNKT

Sophisticated and extraordinary vertical design.

This device combines retro style with modern functionality. This model has a two-way Bluetooth module that allows wireless signal transmission while playing vinyl records to an external Bluetooth speaker or headphones. It also allows you to play music files stored on mobile devices via the built-in speaker.

This turntable is equipped with a fully automatic belt drive, which supports two rotation speeds 33 1/3 and 45 rpm. It allows you to play both classic 12" LPs, as well as 7" singles. An unusual feature is the ability to control playback forward and backward using a specially designed controller. There is also a repeat function for playing a vinyl record. The anti-resonance design reduces unwanted distortions and the shock-absorbing rubber feet reduce low-frequency feedback.
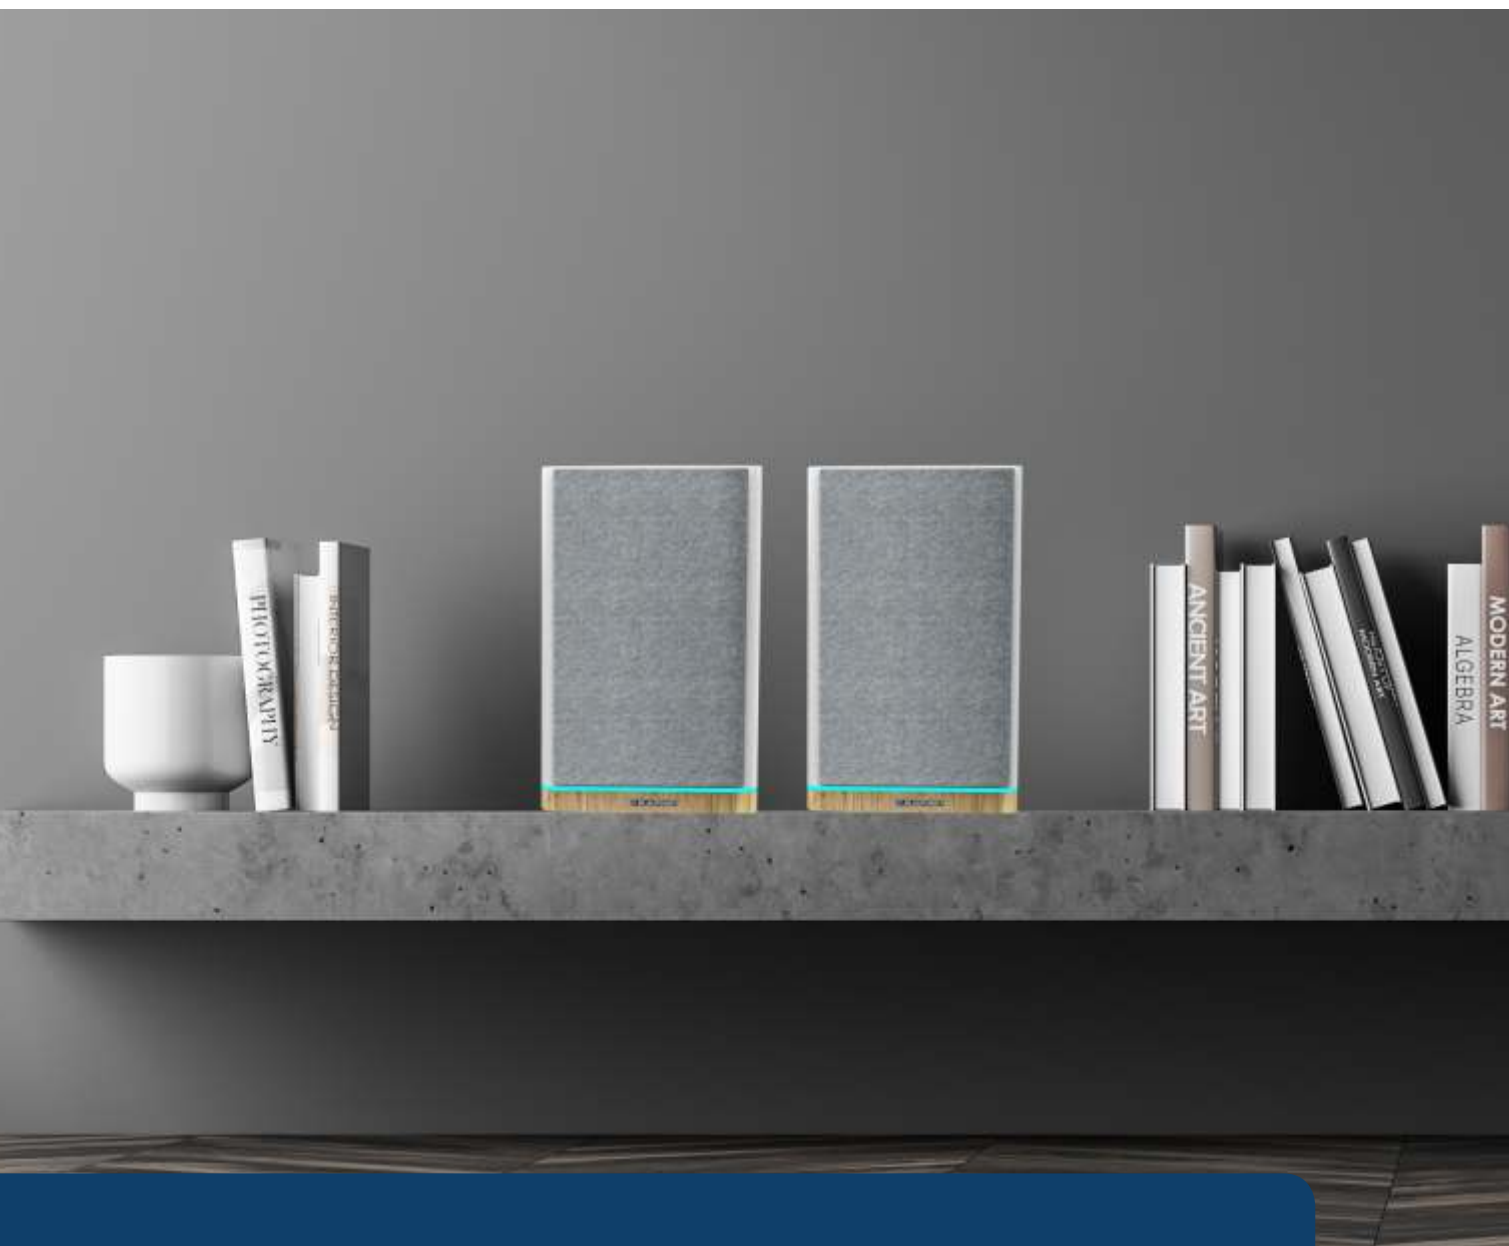

This model has a built-in stereo speaker with a passive membrane and an amplifier offering an output power of 2 x 5 Watts RMS. There is also a headphone and LINE OUT signal output.

Unique design! Great analog sound! Unobvious features!

BB31LED/BB30BT

Our boomboxes are ideal for persons of any age. They are indispensable, both, in teaching rooms and in children's rooms. The products allow you to play CD's and your favourite music files via the USB port, and their FM radio tuner with a memory makes it possible to listen to your selected radio stations. Due to their small size and weight, they are extremely handy, and since they are battery powered, they are also portable. High functionality and simplicity of use make the boomboxes suitable for listening to audiobooks, but they can also serve as portable sources of entertainment for both children and adults.

- IR10BT

Enjoy it.

IR50DAB/IR10BT

Blaupunkt Internet radios will not only impress you with its unique design, but also provide unlimited possibilities to search thematic stations, broadcast your favourite type of music, or listen to local radio stations, found by country name. Podcast fans will be happy to play their favourite programmes from all over the world, searching by the topic, e.g. business, education, family or kids, or by country. A perfect solution implemented in this device is the integrated Spotify Connect functionality that allows using Spotify app installed on another mobile device, e.g. smartphone or tablet, connected to same Wi-Fi network as the Internet radios. This functionality will make your songs and playlists sound much better than on smarthopne or tablet speakers. Another interesting functionality is the UPnP (Universal Plug and Play) protocol support that allows to connect your laptop to the Internet radios and enjoy wireless playing of music files stored on the hard drive.

Technical data:
- Internet radio
- Podcast support
- DAB+ tuner
- FM tuner with RDS
- UPnP – Universal Plug and Play support
- Audiostreaming via Bluetooth (A2DP profile)
- USB player (up to 64 GB)
- WAV/WMA/MP3/FLAC/AAC playback
- 2.4" TFT color dipslay
- Audio output
- Clock with alarm function
- Remote control
- Control via APP (Android, iOS)
- Output power: 2 x 10 Watt RMS
- Power supply: DC 12 V 3 A
- Dimensions: 320 (w.) x 113 (h.) x 108 (d.)mm
- Weight:1.6 kg
- EAN code: 5901750505133

FM/AM		0.8 WATT		SOS				USB
FM/AM RADIO	TELESCOPIC RADIO ANTENNA	OUTPUT POWER: 1 X 0.8 W RMS	BATTERY OPERATED 2000 mAh	SOS ALARM	LED FLASHLIGHTS	SOLAR CHARGING	HAND-CRANK POWERED	USB-C CHARGING PORT

Emergency radios are an essential to pack when going on any expedition, short or long. The many useful features will be appreciated whether you are hiking in the woods, hiking in the mountains or camping at the lake. In addition to the radio, which can provide the latest information, including the current weather forecast, there is a flashlight, which will be useful to light the way or the inside of the tent, a separate reading light (excluding the ER30 model) and an SOS alarm function, which can help to locate us more easily if we get lost during an expedition. Emergency radios can be recharged in three ways - via a standard USB-C connector or, in an emergency when mains power is not available, with a built-in solar panel or hand crank dynamo. The ER50 model also has a sizeable 10000 mAh battery that can be used as a power bank and charge any smartphone. Choose the model that suits you best and take it on your best adventure!

Technical data:

- AM/FM Radio
- LED 3 modes flashlight
- LED reading lamp
- 2000 mAh built-in battery
- SOS Alarm
- Telescopic antenna
- RMS output power 1 x 0.8 W RMS
- Solar panel

PR5BL

These portable devices have a compact design, so you can easily take them anywhere. The radio players feature an FM tuner, and selected models also an AM one. Some have the option to save your favourite radio stations in the memory, so you do not have to go through the whole frequency range to find your favourite station. Telescopic antennas and top-quality components, always included in models offered under the Blaupunkt brand, guarantee excellent radio-signal reception and total reliability. The built-in speakers provide clear sound at the optimum volume. Thanks to the mini-jack output, you can also enjoy your music through headphones. In selected models, via the microSD and USB inputs, you can play music files using compatible media.

Technical data:

- FM tuner with 50 presets memory
- MicroSD/USB player for MP3 music files
- Power output: 1 x 1 W RMS
- LCD display
- Headphone output
- Telescope radio antenna

- Power suply: DC 5 V 1 A
- Battery operated: BL-5C 400 mA (included) or 3 batteries AAA 4.5 V (not included)

CR65BT/CR60BT

An alarm-clock radio is an important and a really must-have device in every household. It makes sure nobody oversleeps to be late for school, work or an important meeting. And the wake-up call from your favourite radio station is never a nuisance. Some available devices are equipped with a temperature sensor, a projector and a dual alarm. They also feature a wakeup buzzer or radio, so each wakeup call can become a pleasurable experience. The alarm-clock radio models offered under the Blaupunkt brand are distinguished by a very large and extremely readable display and by the original and modern design, so they perfectly fit into any interior.

Technical data:
- PLL FM radio with 60 preset station memory
- Clock with dual alarm and snooze Bluetooth for wireless audio streaming from smartphone or PC
- Large LED display
- Adjustable dimmer
- Alarm with radio or buzzer
- Power adapter: DC 5 V 1.2 A
- Back up time: CR2025 (battery not incl.)

BT22TWS

The portable Bluetooth speaker is a device which will turn a typical meeting with friends into a party filled with music. You can take it anywhere – to the beach, to the park or to the garden, and enjoy the sounds of your favourite music whenever and wherever you want. The BT22TWS is not only characterised by its excellent design, but also by its exceptional functionality. This is the first portable speaker with True Wireless Stereo function in the Blaupunkt range. This means that the BT22TWS is really two speakers in one, connected via Bluetooth, and equipped with 8 W RMS output power each. Thanks to such a solution you can hear the real stereo effect! This function is easy to engage – just turn on both speakers and connect wirelessly with your smartphone or tablet, from which the music will be played. It is waterproof, which will surely be appreciated by enthusiasts of recreation on water. It is safe to take the device to the pool, the beach, or even on a boat, because it has nothing to fear from splashing water, or even light rain. The device has IPX7 water-resistance class.

Technical data:
- Audio streaming via Bluetooth (A2DP profile)
- True Wireless Stereo (TWS)
- Waterproof (IPX7)
- Power output: 2 x 8 W RMS
- Battery power: rechargeable battery 2 x 1500 mAh
- Charging from mini USB port (cable included)

- Battery operation: 6~8 h
- Charging time: ~5 h
- Dimensions: 210 (w) x 84 (h) x 84 (d) mm
- Weight: 0.74 kg
- EAN code: 5901750503610

BT25LAMP

WS65BK APP / WS60WH APP

Weather station working with the TUYA SMART application, with a wireless sensor for measuring outdoor temperature and humidity, with a weather forecast for the next 5 days updated on a regular basis via Wi-Fi connection, UV index indicator, clock with calendar and alarm function, as well as a PM2.5 and Air Quality Index reading. Powered by supplied AC adapter. Possibility to stand or hang.

Technical data:

- Works with the TUYA SMART application
- Wi-Fi connection (2.4 Ghz)
- Indoor/outdoor temperature and humidity display*
- Feels like temperature display
- Forecast (for the next 5 days) – weather, maximum and minimum temperaturę, rain precipitation and UV index
- Weather forecast updated on a regular basis using an Wi-Fi connection
- Minimum and maximum daily temperature display
- Clock (12/24 hour format) and calendar

- Alarm with snooze function
- Temperature alert set in the app
- Temperature and humidity charts available in the TUYA SMART application
- Wireless outdoor sensor - 1 piece in the set
- Air Quality Index with 5-level colour indications (EPA/AQI)
- PM2.5 reading
- Color LCD display with dimmer
- Light sensor self-adjusts 3-level brightness of display
- Main unit power source: 5V 600mA

- Wireless sensor power source: 2 x 1.5 V AAA batteries (included)
- Built-in chip to store user settings memory
- Possibility to stand or hang
- Device dimensions: 156 x 156 x 32.8 mm
- Display dimensions: 108 x 108 mm
- Device net weight: 0.3 kg
- Sensor dimensions: 38 x 19 x 100 mm
- Sensor net weight: 0.032 kg

- EAN Code WS60WH APP: 5901750508134

WS50WH APP

Do you want to check the weather conditions in your neighborhood on an ongoing basis? Do you want to know the exact data on air temperature and humidity inside and outside your home? Do you want to observe the weather conditions in several rooms simultaneously or obtain information about the atmospheric pressure or phases of the moon? Or maybe you just want to have access to the weather forecast for the next few days?
The wide range of Blaupunkt weather stations will certainly allow you to choose the device that meets your needs.

Technical data:

- TUYA APP support (Wi-Fi connection)
- Indoor / outdoor temperature display
- Indoor / outdoor humidity display
- Comfort indicator for indoor
- 5 days of HI&LO temperature, weather forecast and UV index
- Temperature alerts (adjustable in APP)
- Temperature and humidity curves available in the app
- Color LCD display with dimmer
- Clock (12/24 hour format) and calendar
- Weekdays in 7 languages: GER/ENG/FRE/ITA/SPA/DUT/DAN
- Alarm with snooze function

- Outdoor sensor included (1 pc)
- Support for up to 3 sensors
- Low battery indicator for device and outdoor sensors
- Power supply: 5 V 1200 mA (power adapter included)
- Wall hanger/Table stand
- Device dimensions: 200 x 29 x 130 mm
- Display dimensions: 168 x 91 mm
- Net weight: 0.334 kg

- Sensor dimensions: 43x22x110 mm
- Sensor display dimensions: 25x17 mm
- Sensor net weight: 0.05 kg
- EAN code (WH): 5901750506079
- EAN code (BK) : 5901750506086

● BLAUPUNKT

WS30WH/BK

Technical data:

- Indoor / outdoor temperature display
- Indoor / outdoor humidity display
- Temperature / humidity trend indication
- Air pressure display
- Comfort indicator
- Frost-point warning indication
- Humidity and temperature alert (adjustable)
- Max/min record of indoor/outdoor temperature & humidity
- Weather forecast for next 12-24 hours with barometer
- Barometer value & Weather forecast can be calibrated manually
- Color LCD display with dimmer
- Clock (12/24 hour format) and calendar
- Weekdays in 7 languages: GER/ENG/FRE/ITA/SPA/DUT/DAN
- Alarm with snooze function
- Outdoor sensor included (1 pc)
- Support for up to 3 sensors
- Rolling display 3 channels
- Low battery indicator for both indoor and outdoor sensor
- Power supply: 5 V 1200 mA (power adapter included)
- Wall hanger / Table stand
- Device dimensions: 160 x 19 x 115 mm
- Display dimensions: 126 x 82 mm
- Net weight: 0.206 kg
- Sensor dimensions: 38 x 19 x 100 mm
- Sensor net weight: 0.032 kg
- EAN code (WH): 5901750506055
- EAN code (BK): 5901750506062

WS25BK/WH

Technical data:

- Indoor/outdoor temperature and humidity display*
- Temperature and humidity trend indication
- Weather forecast for the next 12-24 hours
- Clock (12/24 hour format) and calendar
- Alarm with snooze function
- Thermal comfort indicator
- Freezing point indicator
- Wireless outdoor sensor - 1 piece in the set
- Support for up to three external sensors
- Color LCD display with dimmer and programmable automatic dimming function
- Daily max and min history temperature and humidity measurement values
- Main unit power source: 5V 1200mA power adapter (included)
- Wireless sensor power source: 2 x 1.5 V AA batteries (included)
- Settings memory backup (3 x AAA battery) - not included
- Backup and outdoor sensor low battery indicator
- Possibility to stand or hang
- Device dimensions: 114 x 105 x 20 mm
- Display dimensions: 93x77 mm
- Device net weight: 0.16 kg
- Sensor dimensions: 38 x 19 x 100 mm
- Sensor net weight: 0.032 kg
- EAN Code (BK): 5901750508097
- EAN Code (WH): 5901750508103

BLAUPUNKT

WS20BK/WH

Technical data:
- Indoor/outdoor temperature and humidity display*
- Temperature/humidity trend indication
- Weather forecast for the next 12-24 hours
- Thermal comfort indicator
- Moon phase indicator
- Freezing point indicator
- Clock (12/24 hour format) and calendar
- Alarm with snooze function
- Wireless outdoor sensor (1 pcs included)
- Support for up to three external sensors
- LCD display
- Daily max and min history temperature and humidity measurement values
- Main unit power source: 3 x 1.5 V batteries (size AA, included)
- External wireless sensor power source: 2 x 1.5V batteries (size AA, included)
- Possibility to stand or hang
- Device dimensions: 215 x 112 x 18 mm
- Display dimensions: 190 x 70 mm
- Device net weight: 0.23 kg
- Sensor dimensions: 38 x 19 x 100 mm
- Sensor net weight: 0.032 kg
- EAN Code (BK): 5901750508073
- EAN Code (WH): 5901750508080

WS15BK/WH

Technical data:
- Indoor / outdoor temperature display
- Indoor / outdoor humidity display
- Temperature / humidity trend indication
- Temperature / humidity Max/Min record for the day
- Weather forecast for next 12-24hours
- Clock (12/24 hour format) and calendar
- Weekday display in 7 languages (EN/GE/DA/SP/DU/IT/FR)
- Alarm with snooze function
- Outdoor sensor included (1 pc)
- Support for up to 3 sensors
- LCD display with backlight
- Battery powered (2 x AAA included)
- Wall hanger / Table stand
- Device dimensions: 87 x 25 x 125 mm
- Display dimensions: 61 x 93 mm
- Net weight: 0.134 kg
- Sensor dimensions: 38 x 19 x 100 mm
- Sensor net weight: 0.032 kg
- EAN code: 5901750507472 (WS15BK)
- EAN code: 5901750506048 (WS15WH)
