

# DC CHARGER FOR ELECTRIC VEHICLE CHARGING

<b>Model</b>	BPDC40KEU
<b>Ingress Protection</b>	IP54
<b>Work Altitude</b>	2000m
<b>Work Temperature</b>	-20 °c~+55 °c
<b>Storage Temperature</b>	-40 °c~+85 °c
<b>Installation</b>	Wall-mount or Pole-mount
<b>Product Dimension</b>	780* 580* 205.5 mm(H*W*D)
<b>Net weight</b>	67 kg
<b>Start Mode</b>	POS/RFID Reader/Plug&Play/APP
<b>communication</b>	LAN/4G
<b>Input Voltage</b>	380V/AC±15%, 3P+N+PE
<b>Rated Power</b>	40 KW
<b>Voltage Range</b>	150-1000 V/DC
<b>Rated Current</b>	5-100 A
<b>Safety</b>	Short circuit Protection/Over Load Protection/ Over Temperature Protection/Leakage Protection/ Over and Under input Voltage Protection/ Over and Under Outout Voltage Protection/ Over-current Protection

**40KW EU Standard DC EV Charger**

Simple and clearInterface

Fashion design structure

Easier to install and use

Good vehicle compatibility
